

Chart 3: All 50 States - Performance on Extra Credit Indicators

This second annual "State Honor Roll™ of Asthma and Allergy Policies for Schools" is a research project of the Asthma and Allergy Foundation of America® (AAFA) to identify states with the most comprehensive and preferred state-wide public policies supporting people with asthma, food allergies and related allergic diseases in U.S. elementary, middle and high schools. The table below illustrates "extra credit" indicators that researchers used to compare and score all 50 states. Displayed in **GREEN**** are the top "Honor Roll" states for this year. Displayed in **ORANGE***** are the Honorable Mention states. For details, see the full report at www.StateHonorRoll.com or call 1-800-7-ASTHMA.

States	Total Score (out of 18 total possible)	Medication & Treatment						Awareness			Environmental Factors							
		Medicat'n Policies		Identi- fication & Reporting		Management Policies		Health Services Capacity		Training and Awareness in Schools			Indoor Air Quality		Outdoor Air Quality		Tobacco Policies	
		Extra Credit Indicator A*	Extra Credit Indicator B	Extra Credit Indicator C	Extra Credit Indicator D	Extra Credit Indicator E	Extra Credit Indicator F	Extra Credit Indicator G	Extra Credit Indicator H	Extra Credit Indicator I	Extra Credit Indicator J	Extra Credit Indicator K	Extra Credit Indicator L	Extra Credit Indicator M	Extra Credit Indicator N	Extra Credit Indicator O

* Descriptions of Extra Credit Indicators

A*	State requires local school districts to create medication policy and provides resources, guidelines and parameters
B	State requires schools to maintain a health history form that includes asthma/allergy information for each student
C	State has or is preparing an explicit asthma program with policies, procedures and resources for schools to manage students with asthma
D	State has or is preparing an explicit anaphylaxis program with policies, procedures and resources for schools to manage students with allergies
E	State has adopted policy that each school will have one fulltime nurse
F	State has adopted policy stating that school districts provide case management for students with chronic health conditions such as asthma
G	State sponsors or provides funding for staff training in asthma awareness covering school asthma program/policy and procedures
H	State sponsors or provides funding for staff training in food allergies
I	State requires that allergy & asthma are included in health curriculum for all students
J	State makes funding or resources available for technical IAQ assistance to schools
K	State recommends or requires that districts or schools use IPM techniques or ban the use of pesticides inside school whenever students are in the building
L	State limits school bus idling time
M	State has implemented or actively promotes diesel school bus engine retrofitting program
N	State requires districts or schools to provide tobacco use cessation services to students
O	State has a policy stating that districts or schools will provide funding or activities for faculty and staff on tobacco use cessation
